Get started with Photo Fun products

Technotape launches a **complete on-site solution for Photo Fun products!**

The product range includes two types of **Sublimation Transfer Papers** and top quality **ArTainium Transfer Inks** for Epson printers. Very proud we are of our compact and ingeniously designed **Heat Press** that will sublimate all common sublimation products. This versatile but economical Heat Press comes with attachments for various types of substrates. Naturally Technotape also carries a **wide range of high quality sublimation products**, all attractively priced and available in various quantities to suit the size of your business.

Are you thinking about going into Photo Fun but are worried about high investments? Think again, the Technotape solution will get **you started for as little as € 2.500,00** and occupy no more than **3 sq. meters** of your floor space.

ALL-IN-ONE HEAT PRESS

This **All-in-One Heat Press** is all you need to sublimate images onto T-shirts, Puzzles, Plates, Mugs, and Caps.

Features

- **Multipurpose** swing-away heat press
- **Desktop model**, footprint is less than 0.75 m²
- The accessories (mug-, plate- and cap-press) are installed and connected in **30 seconds**
- Extra **Coffee Cup Press** (Senseo) available
- **Fast warm up**
- Useful flat press area is 35 x 26 cm
- The versatile mug press is **suitable for various sizes of mugs** (10/11/14/15oz, beer mug)
- Control system has digital read-outs and is **easy to operate and program**
- Solid steel welded framework
- Excellent solution for **on-site production** of Photo Fun products
- CE approved
- Power: 220V, 1250Watts

Product codes:

HPM.AIO.125.001
HPM.AIO.125.S12

All-in-One Heat Press
Coffee Cup Press (Senseo)

Also available from Technotape

- **Sublimation Inks**
- **Sublimation Paper**
- **Wide range of Photo Fun Products**

MUG HEAT TRANSFER PRESS

With this compact **Mug Press** you easily sublimate images on various sizes of Mugs. Three extra available accessories enable you to handle different shaped mugs from small cups up and to large latte mugs.

Features

- Desktop model, footprint is less than 0.1 m²
- For high volume usage
- Standard fitted with an 11oz heat mat
- Extra heat mats available for 6oz-8oz cups and mugs, 12oz latte mugs and 17oz latte mugs
- Easy to operate and fast warm up
- Solid construction
- Excellent solution for on-site production of Photo Mugs
- CE approved
- Power: 220-240V, 350Watts
- 110V version also available

Product codes

HPM.MUG.350.005	Mug Transfer Heat Press
HPM.MUG.350.S15	Heat mat 8-11oz mugs (replacement)
HPM.MUG.350.S16	Heat mat 6-8oz mugs

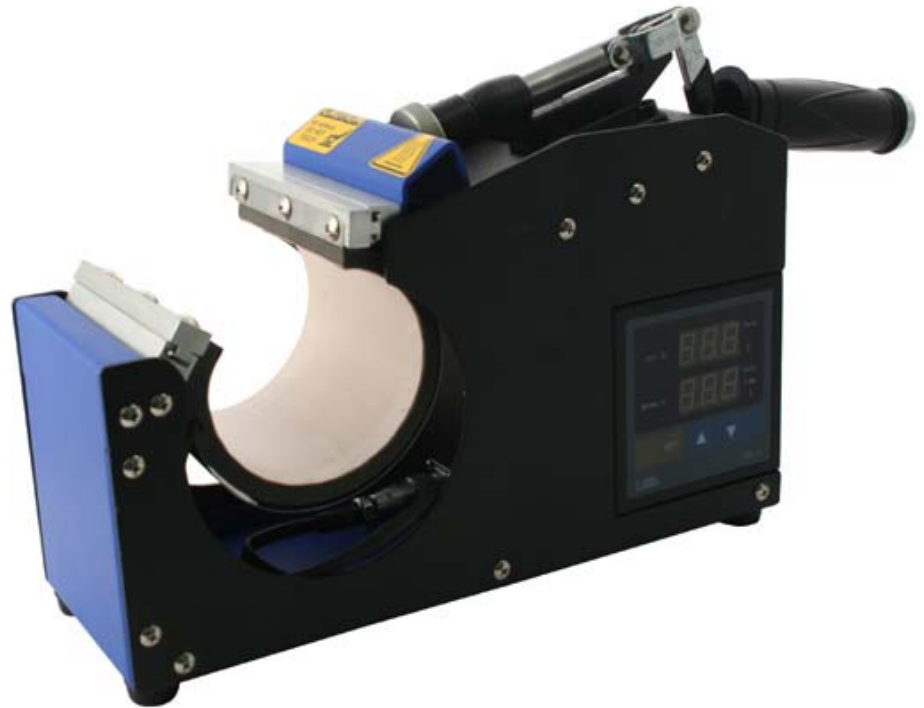

Also available from Technotape

- Sublimation Inks
- Sublimation Paper
- Wide range of Photo Fun Mugs

MUG HEAT TRANSFER PRESS

With this compact **Mug Press** you easily sublimate images on various sizes of Mugs. Three extra available accessories enable you to handle different shaped mugs from small cups up and to large Beer Mug.

Features

- Desktop model, footprint is less than 0.1 m²
- For high volume usage
- Standard fitted with an 11oz heat mat
- Extra heat mats available for 6oz-8oz cups and mugs, and beer mugs
- Easy to operate and fast warm up
- Solid construction
- Excellent solution for on-site production of Photo Mugs
- CE approved
- Power: 220-240V, 285Watts
- 110V version also available

Product code

HPM.MUG.285.001

MANUAL FLATBED HEAT PRESS

With the Technotape Desktop **Manual Flatbed Heat Press** you can easily sublimate Mousepads, Puzzles, T-Shirts and other flat products.

Features

- Desktop model, footprint is 0.80 m x 0.45 m
- **Compact** because of clamp shell design
- Fast warm up
- Excellent solution for **sublimation** purposes
- **Solid** construction
- **Easy** to operate
- Excellent solution for **medium volume production**
- Max **pressure** up to 3-4 Bar
- Max press surface 40 x 50 cm
- Spare parts available
- CE approved
- Power: 220-240V, 2700Watts
- 110V version also available

Product code: HPM.AS.4050.001

MANUAL FLATBED HEAT PRESS

Also available from Technotape

- Sublimation Inks
- Sublimation Paper
- Wide range of Photo Fun Products

With this stand alone **Flatbed Heat Press** you can easily sublimate Mousepads, Puzzles, T-Shirts and other flat products. With optional accessories you can also sublimate Caps and Tiles.

Features

- Stand alone model, footprint is 0.75 m x 0.45 m
- **Compact** because of clamp shell design
- Fast warm up
- Excellent solution for **sublimation** purposes
- Optional **accessories** for tiles and caps
- **Solid** construction
- **Easy** to operate
- Excellent solution for **medium volume production**
- Max **pressure** up to 3-4 Bar
- Max press surface 40 x 50 cm
- Working height 91 cm
- Spare parts available
- CE approved
- Power: 220-240V, 2800Watts
- 110V version also available

Product code: HPM.AM.4050.001

PNEUMATIC FLATBED HEAT PRESS

With this stand alone **Pneumatic Flatbed Heat Press** you can easily sublimate Mousepads, Puzzles, T-Shirts, Sweatshirts, Tiles and all other flat products.

Features

- Stand alone model, footprint is 1.22 m x 0.50 m
- Fast warm up
- Excellent solution for sublimation purposes
- Very **user friendly** by extending work table
- **Solid** construction
- **Easy** to operate
- Excellent solution for **high volume production**
- Max **pressure** up to 9 Bar
- Max press surface 40 x 50 cm
- Working height 91 cm
- Spare parts available
- CE approved
- Power: 220-240V, 4000Watts, 18A
- 110V version also available

Product code: HPM.SH.4050.001

Recommended Compressor: CJA.625.034.001

PNEUMATIC DOUBLE FLATBED HEAT PRESS

With the **Technotape Double Flatbed Pneumatic Heat Press** you can sublimate onto all flat surfaces such as Mousepads, Puzzles and T-Shirts with the maximum of ease and comfort.

The double bed reduces downtime to a minimum by allowing you to prepare the next job while the previous one is being pressed. The Technotape Double Flatbed Pneumatic Press can increase your production capacity by up to 40% compared to standard single bed presses.

Features

- Up to **40% higher output** than a single bed press
- **Precise control** over pressure, temperature, dwell-time and bed transport speed ensures consistent results every time
- Max. press surface 40 x 50 cm
- Max **pressure** 7 Bar (compressor not included)
- Very fast warm up
- **Solid** heavy-duty construction
- **Easy** to operate
- European made, CE approved
- Spare parts available
- Power: 220-240V, 4000Watts (110V version also available)

Product code: HPM.TH.4050.001

Recommended Compressor: CJA.625.034.001

- **Sublimation Inks**
- **Sublimation Paper**
- **Wide range of Photo Fun Products**

Taking Pictures to Print.

PNEUMATIC LARGE FORMAT HEAT PRESS

With the **Technotape Pneumatic Large Format Heat Press** you can sublimate on all flat surfaces, like wood, textile, metal, ceramic, marble etc. The double bed reduces downtime to a minimum, giving you maximum output. A unique feature of this press is that the hot air and sublimation gasses are removed by an internal fan thereby preventing any possible colour distortions these gasses could cause.

The press is available in **three bed sizes**; 100 x 70 cm, 120 x 90 cm and 150 x 100 cm. **Pressure is freely adjustable** up to **9 atmosphere**. Time, temperature and pre-pressing are all **digital controlled**, providing precise and consistent results.

Features

- Up to **40% higher output** than a single bed press
- **Solid** heavy-duty construction
- **Easy** to operate
- European made, CE approved
- Spare parts available
- Power: 380V

Product codes:

HPM.TH.10070.1	plate size 100 x 70 cm
HPM.TH.12090.1	plate size 120 x 90 cm
HPM.TH.150100.1	plate size 150 x 100 cm

Also available from Technotape

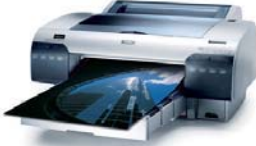

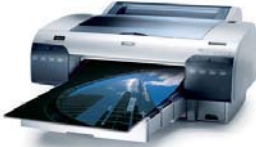

- **Sublimation Inks**
- **Sublimation Paper**
- **Wide range of Photo Fun Products**

EPSON STYLUS PRO 4450 PRINTER

The next step in inkjet sublimation printing is the **Epson Stylus Pro 4450**. The technology of a large format printer can be found in this desktop solution. Therefore no more ink blockages thanks to the professional large format print head. The printer is capable of printing on sheets (up to A2) or roll (up to 43cm width). The automatic cutting function makes this printer suitable for large production runs, while the simplicity of operation allows you as well to print job per job.

Features

- A2+ Printer
- Roll or sheet feed
- High speed
- Automatic cutting function
- Consistent quality
- 2 x 4 (CMYK) ink cartridge system (No CISS Fuzz)
- Cartridges available in 110ml and 220ml
- Speed up to 24m² / hour

Product code: IPE.4450.A2.001

Also available from Technotape

- **Sublimation Paper**
- **Wide range of Photo
Fun Products**

RICOH AFICIO GXe 3300N GELSprinter

The **Ricoh Aficio GXe 3300N Gelsprinter** in combination with **SubliJet-R Sublimation Inks** takes desk-top sublimation printing to a next level. This high-speed 4 colour quality printer produces high-value colour prints for sublimation, is fast, economic, reliable, and versatile. Excellent value for money!

Use with

- **DIS.020.BLA.CRT**
black cartridge
- **DIS.020.CYA.CRT**
cyan cartridge
- **DIS.020.MAG.CRT**
magenta cartridge
- **DIS.020.YEL.CRT**
yellow cartridge

Also available from Technotape

- **Sublimation Paper**
- **Wide range of Photo Fun Products**

Features

- **High speed printer** - 4 times faster than regular inkjet printers
- Ink costs per page are only 2/3 of printing with e.g. an Epson 1400
- **Paper transport** is belt-driven for fast trouble-free transport
- 4 colour **High Capacity cartridges** (CMYK) makes a CIS System redundant
- Innovative **GelSprinter™ technology** eliminates smudging and curling and prints crisp, vibrant colour images
- The GXe 3300N uses **smaller 2 picoliter dots** that minimize spreading, sharpen images and prevent bleed-through
- Excellent printer for sublimation purposes
- Prints A6 – A4 sheets
- Footprint is 420 x 485 x 259 mm
- Power: 220 - 240 V, 50/60 Hz

Product code: IPR.3300.A4.001

RICOH AFICIO GX7000 GELSprinter

The **Ricoh Aficio GX7000 GelSprinter** in combination with **SubliJet-R Sublimation Inks** takes desk-top sublimation printing to a next level. This high-speed 4 colour quality printer produces high-value colour prints for sublimation, is fast, economic, reliable, and versatile. Excellent value for money!

Use with

- **DIS.018.BLA.CRT**
black cartridge
- **DIS.018.CYA.CRT**
cyan cartridge
- **DIS.018.MAG.CRT**
magenta cartridge
- **DIS.018.YEL.CRT**
yellow cartridge

Also available from Technotape

- **Sublimation Paper**
- **Wide range of Photo Fun Products**

Features

- **High speed printer** - 4 times faster than regular inkjet printers
- Ink costs per page are only 2/3 of printing with e.g. an Epson 1400
- **Paper transport** is belt-driven for fast trouble-free transport
- 4 colour **High Capacity cartridges** (CMYK) makes a CIS System redundant
- Innovative **GelSprinter™ technology** eliminates smudging and curling and prints crisp, vibrant colour images
- The GX7000 uses **smaller 2 picoliter dots** that minimize spreading, sharpen images and prevent bleed-through
- Optional **extra paper tray** allows you to work with different paper sizes simultaneously
- Excellent printer for sublimation purposes
- Prints upto A3+ or 11x17" sheets
- Footprint is 545 x 558 x 265 mm
- Power: 220 - 240 V, 50/60 Hz

Product code: IPR.7000.A3.001

Sublimation Transfer Paper

Our sublimation transfers papers are specially coated. This coating is designed to receive sublimation inks at printing, but also to release the inks during transfer. The results are a high transfer yield, saving on ink costs without losing deep shades and vibrant colours.

Taking Pictures to Print.

TECHNOTAPE FINE ART CANVAS

Technotape Fine Art Water based Canvas is specially designed for high-resolution photographic images and Fine Art reproductions. Any image printed on Technotape canvas will exhibit high contrast and vivid lifelike colours.

The surface of this canvas features an extra white matt coating for optimum results. The texture is very fine due to the flat and tight weave of the base material.

Technotape Fine Art Water based Canvas is also easy to use. Special colour profiles are not needed, just use your standard canvas profile provided by your ink manufacturer. The 100% cotton base and the 360g/m² ensures that the canvas will be flexible enough for easy framing.

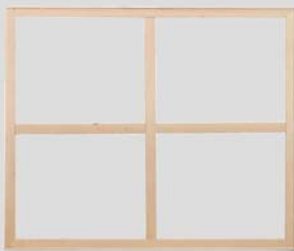

Features

- Base weight 360g/m²
- Base material 100% Cotton
- Surface Finish Matt White for Water based Inks
- Core 2"
- 15 meters per roll, various widths available
- Minimum order quantity 1 (one) roll
